Children's Resource Consultant Program

This program works with early learning and child care programs to support the inclusion of all children. If you are concerned with your child's development, contact a Resource Consultant to discuss your concerns. **There is no cost** to families to receive services from a Resource Consultant.

Examples of the services available:

- Making connections with other service providers
- Supporting smooth transitions to school and/or child care programs
- Creating a Family Service Plan with the family if needed
- Offering support, suggestions, and resources to families and child care programs
- Provide training opportunities for parents and educators

Access the program in one of the following ways:

- Contact a resource consultant directly
- Be referred by another agency, family doctor, or health unit
- Have your child care program make a referral

If you have questions about how the Resource Consultants may assist you and your children, please call:
